

## TECHNICAL DATA SHEET

## MDEBond Nano Tape

December 2023

Description	Multi-Purpose double side tape suitable for bonding, fixing, holding, temporary attachments. Special construction. It can be removed without residues*, washed and reused.
Carrier type	Nano Resin
Adhesive	Synthetic resin
Total thickness w/o liner	2 mm
Liner	PET transparent
Color	Transparent
Adhesion to steel 90° peel <small>(According to GB/T 2792)</small>	370 gf
Temperature operating range	+120°C
Application instructions	Surfaces must be clean, dry and smooth, free of voids, projections, loose materials, oil, grease, sealers, and all other surface contaminants
Important instructions	The product must be stored in its original packaging in a clean, dry, well ventilated area. Low temperatures at the time of application may increase the possibility of condensation on the surface, which will reduce the final bond strength.

\* Compatibility with surfaces must be checked

*The above given information has been provided by the producer and it should be considered as a guide. Given the variety of factors that can affect the use and performance of the product, user should evaluate to determine its suitability for purpose.*
